

# Joseph Newman

I'm a full-stack web developer with a background in UI/UX and graphic design, passionate about building dynamic and engaging web experiences. I specialize in crafting clean, responsive front-end interfaces using HTML, CSS, and JavaScript, while also handling back-end development with Node.js and Express.js. I'm dedicated to creating scalable and efficient applications from concept to deployment.

## PROJECTS

**Techsavvy Business Website** custom wordpress theme • PHP  
View live website at [joseph-newman.com](http://joseph-newman.com)

Developed a pixel art editor using PySide6 and the Qt library in Python. Implemented core features including fill flood algorithms, adjustable brush sizes, an eraser tool, and options for saving artwork and adjusting canvas size.

**Pokemon-TCG** javascript • node.js • express.js • ejs  
View live website at [joseph-newman.com](http://joseph-newman.com)

Created a dynamic website using Node.js, Express.js, and EJS templating, integrated with the Pokémon TCG API. Features include card search functionality, real-time pricing, detailed stats, and pagination. Designed to offer users an interactive experience for exploring Pokémon cards.

**Techsavvy Hub App** react native • node.js • express.js  
View live app at [joseph-newman.com](http://joseph-newman.com)

Designed and developed the Techsavvy Hub mobile app using React Native, Node.js, and Express.js, enabling clients to submit IT support tickets directly from iOS devices. Built a custom REST API to connect the app with our internal ticketing system, improving support efficiency.

## EXPERIENCE

**Techsavvy • IT Technician**  
October 2023 – Present

Diagnosed and resolved technical issues for schools and businesses at Techsavvy, gaining hands-on experience with backend systems, security software, and client-facing tools.

**Idea Peddler • Multimedia Designer**  
January 2023 – October 2023

Multimedia Designer at Ideapeddler, a creative agency, crafting captivating digital experiences, collaborating with clients and teams.

**Monkee-Boy Web Design inc. • Brand / Web Designer**  
October 2020 – November 2022

UI/UX designer, working in along side engineers on web/mobile based applications. Providing wireframes and mockups for development and ensuring designs are AA compliant with accessibility standards.
